

**TOOLKIT · DEVICE MAP**

Bait Station & Device Location Map

Record the number, location and type of every bait station and monitoring device on site. Attach or sketch a site floor plan and cross-reference each device number. An up-to-date device map is an audit requirement under BRCGS, FSSC 22000 and AIB.

Facility / Site: _____ Date mapped: _____

Completed by: _____ Total devices: _____

Auditor / Reviewer: _____ Next review: _____

Device No.	Location / Area	Device type	Target pest	Status

Attach a site floor plan showing each numbered device location. Update whenever a device is added, moved or removed.
